

Students' Placement Office, IIT Kanpur

Resume Making Guidelines

SPO does not restrict the students on the choice of their resume template. One can choose any resume template they wish to use given that they adhere to the industry standards and strictly follow the below guidelines:

- Master resume will **NOT** be sent to the company. You need to apply with your one/two-page resume for every company.
- **No JEE/GATE rank or mobile numbers are allowed in the submitted Master and Single page resumes.**
- No bar on the length of the master resume, but every point will need verification.
- **The resume with which one applies for a particular company (the one-page resume) must be a subset of the master resume.**
- One cannot add/change any point/sub-point written in the master resume while making their one/two-page resume.
- One is allowed to delete points/sub-points.
- If you need to state your point differently for the technical and non-technical profile, we suggest you include it again in the master resume itself, even if it causes repetition.
- Any change in the master resume **MUST** be done with the permission of SPO. Any exaggeration in one/two page resumes compared to master resume is not allowed and would be considered as a false claim.
- The main heading of your CV should be your Name with a Font size more significant than the content Font size of your CV.
- Educational qualification should be the first section of your resume. This section should have your CPI, 12th, and 10th scores.

Verification of Academic Record and Scholastic Achievements

- It is compulsory to mention your Pingala CPI in the Academic Qualification section.
- If someone wants to mention their rank in their department, a mail from the HoD of the department is required.
- For verification of 10th marks and 12th marks, you will need to attach your final marksheet.
- For the verification of any other scholastic achievements (if you do not have a scanned copy of the documents with you), you need to fill the following undertaking and include it in the zip file of proofs with your

Undertaking Form

These details will be cross verified in the future, and any discrepancy will be dealt with according to SPO policy. The points on your resume for which you will provide the undertaking should be # marked with a footnote “not verified by SPO.” Such points should be given a # mark, and a footnote only on the Master Resume, which is not visible to the company officials, and not on the one-page resumes uploaded on the portal.

Verification of Internship, Projects and POR

- To verify the internships and projects on your resume, you will be required to produce the following supporting documents affirming the details about the same.

Project Verification Form (PVF): You will be required to produce the PVF mentioning the details of your projects. Please note that this document is compulsory for verification purposes, and failing to have the same will lead to you being denied to mention that particular project on your resume. For PVF, students are required to submit the filled (signed or unsigned) PVF on the portal along with the official mail ID of the mentor. A mail will be directly sent to the mentor for the verification of the points written in the PVF. For more details, refer to [PVF Upload Step-by-Step Process](#). The PVF can be downloaded from [here](#).

- Similarly, those who are doing an industrial internship have to produce the properly signed/sealed certificate of completion of the internship, along with the PVF.
- In case of an ongoing project/internship, you can mention that on your resume - explicitly mentioning that it is “ongoing”. A PVF will be required in this case as well.
- Projects done at an individual level will have to be clearly stated as “Self Projects” in the resume if mentioned.
- A ratification list for PoRs and projects that come under the Students’ Gymkhana is sent to us by the Students’ Gymkhana, and students need not produce any proofs for the same.

Recommendations

Your resume is essentially a marketing tool highlighting your skills & achievements according to the position you are applying to. It may take more than 20 drafts before you actually get an appropriate resume. Hence it is extremely important that you ask several people to review your resume and proofread it many times. Resume Critique Sessions will also be organized by SPO at regular intervals, but it is important that you already have a refined draft before you come for these sessions so that you can derive maximum benefit.

Given below is a set of guidelines for making a resume.

- The Technical CV should either be 1 Page or 2 Pages.
- The Non-Technical CV should be 1 Page Only.
- The CV shouldn't have more than 750 words and no less than 500 words.
- The page format should be as plain as possible without a watermark.
- The Margin shouldn't be less than the 'Narrow' Margin (0.5" on all sides) as provided by the Windows Microsoft Margin option.
- Font Size: Shouldn't be less than 9 for the content
- Font Size for italics used for references as '*': Shouldn't be less than 6
- Font Type: Normal, Bold: for regular use; Italics: only for 'year' information or '*' (that too is optional)
- Preferred Fonts: Times New Roman, Garamond, Tahoma, Verdana, Book Antiqua, Courier New, Calibri, Cambria, Palatino Linotype, Arial
- Use only one 'Font' in the complete CV. You can use bold to emphasize some of the words but the 'Font' shouldn't change in your entire CV.
- Font Color: Strictly Black
- The shade at any place in your CV shouldn't be more than 25%. So, you can have no Shade, 5% Shade, 15% Shade, and 25% Shade

- The main heading of your CV should be your Name with a Font size of at least double the content Font size of your CV.
- The Heads and your name should have TITLE CASE style.
- The possible headings are: (Though the list is quite exhaustive, a few outliers would be accepted based upon discretion; Also you can skip the heads which are not relevant as per your CV)
 - Education/ Educational Details/ Academic Qualification/ Academic Details/ Academic Performance
 - Academic Achievements/ Curricular Achievements/ Scholastic Achievements/ Academic Excellence
 - Co-curricular Activities/ Co-curricular Achievements
 - Awards/ Honors/ Achievements/ Rewards
